► Press Box

ENTRANCE TO PRESS BOX - Enter the Press Box via the Press Elevator that is located midway at the base of the West Stands (press box side of the field). This elevator will go to all levels of the press operation. "Press Will Call" will be located in the press elevator lobby at street level. You will pick up late request credentials and parking passes here as well as photo vests and photo vest game patch.

PRESS BOX LEVELS - There are seven levels in the Florida Field Press Box: 1) President's Deck which houses a lounge for the University President and his guests; 2) Ball Gator Club; 3) Working Press Deck - print media and media seating - ; 4) Coaches Scouting Booths, Television Networks, Home and Visiting Radio Networks; 5) Photo and Video Deck including coaching films for both teams; 6) Luxury Box Level; 7) Luxury Box Level.

WORKING PRESS DECK (Level 3) - This level is reserved for media seating and statistical operations. **Fax Service** is available. We suggest that you let us know in advance what your needs in this area might be on game day. Several pay phones are available at the back of the press box which are used by dozens of media reps. If you have concerns about meeting tight deadlines, we strongly encourage you to order your own phone (see section on telephones).

TELEVISION NETWORKS, RADIO NETWORKS, COACHES BOOTH, DINING AREA (Level 4) - This level is reserved for television networks that are doing the game on a live or delayed basis. This level also houses the radio network for Florida and its respective opponent on game day. Each of the coaching staffs has one booth designated for its use. This level also contains the serving and eating areas for media representatives only.

PHOTO DECK (Level 5) - This deck offers a spacious area for all video cameras that are covering the game. This area also will be used for filming by each of the coaching staffs. Security and Game Operation booths are also located on this level.

► Sidelines

The University of Florida follows NCAA and SEC rules regarding media representatives on the sidelines. Photographers are not permitted to shoot between the 25 yard lines and they must wear a photo vest and photo patch at all times. No credentials will be issued to freelance photographers, online writers, equipment carriers, or radio station representatives except for the two originating networks. A "photo only" zone has been established on the Florida Field sidelines. Only people wearing a photo vest and photo patch with photo or video equipment will be permitted in this area.

► Credentials

PRESS BOX - All members of the media covering the game

Once again in 1999 the University of Florida received a Press Box Merit Award from the Football Writers Association of America for superior press box facilities and game-day operations.

in a working capacity must seek appropriate credentials in **advance** from Norm Carlson. We would appreciate receiving those requests as early as possible. Requests for **working space** in the press box and photo credentials for the sidelines will be honored from Sports Editors of DAILY Newspapers and Sports Director of Television Stations **ONLY**. Due to the heavy demand for working space, credentials for radio stations are limited to immediate Gainesville area stations and the two broadcast network crews doing the game. Any radio station seeking in-game and post-game reports can receive them by calling the SID Office in advance to make proper arrangements with our staff. Request for working credentials must be made in **advance in writing** to Norm Carlson. Spouses, dates, nonworkers, and anyone 16 years of age or younger, are not permitted in the press box. Violators will not be tolerated. Media agencies that violate this policy will not be issued credentials for future games.

SIDELINE CREDENTIALS — Media representatives with a gameday sideline credential form must report to the Press Elevator Lobby prior to the game. When you present the appropriate letter and identification, a sideline photo vest and photo patch will be issued at that time. Your game credential or letter will not gain admittance to the photo zone on the sidelines. You must have a vest. Media reps wearing photo vests with appropriate patch will be the only people that will be permitted to enter the "Photo-Only" zone.

► Press Will Call

Late requested game credentials and parking passes that cannot be mailed can be picked up at "Press Will Call" in the Press Box Elevator Lobby. Game stand tickets that have been ordered

by the media must be picked up at the regular Will Call Window at Gate 2 which is right next to the Press Box Elevator Lobby.

► Parking

Media parking is located on Fleming Field, just outside the north endzone off University Avenue. You should request your parking credential at the same time you request your game day working credential. Parking credentials are limited. If time permits, both of these credentials will be mailed. If time doesn't permit the parking credential to be mailed, you will have to pick it up at the Press Box Elevator Lobby before gaining admittance to the press parking area.

► Hotel Rooms

The SID office has a limited number of rooms reserved in the area. We would be glad to assist you with a hotel room if you get in touch with us at least a week before the game. Please contact Harriette Peettes and she will do everything possible to assist you.

► Food and Beverages

A hot pre-game meal will be served on level 4 of the press box beginning approximately 1½ hours before kickoff. Snacks and beverages are available on level 3 throughout the game as well as after the game while you complete your work in the press box. Approximately two hours after the game additional food and beverages will be available on level 2 of the press box (Bull Gator level), at the post-game media social. At some point during the social, usually 2-2½ hours after the game, Coach Spurrier will attend the affair.

MEDIA INFORMATION — Continued

► Press Box and Post-Game Information Services

Play-by-play, complete halftime and final statistics, coaches quote sheets, defensive stats, and post-game notes are all regular services on game day. Upon your arrival, you will receive an extensive press folder with game program, flip-card, updated statistics, biographical sketches, and game-day news. An internal PA system will provide updated information and notes throughout the game.

► Post-Game Interviews

Florida's SID staff will escort media representatives to appropriate lockerroom areas with 3-5 minutes remaining the game. Florida coach and player interviews will be conducted in the south endzone locker/conference area. Coach Sparger will conduct a press conference in the media conference room 10 minutes after the contest. His conference can also be heard via an amplified phone hookup in the press box should you be facing tight deadlines. Florida's locker area for player interviews will open 25 minutes after the game. The locker area is open to all reporters. You can arrange post-game player interviews by filling in the appropriate sheet in your press folder and returning it to a member of the Florida SID staff no later than the ten minute mark of the fourth quarter.

Procedures for coach and player interviews for Florida's opponent will be coordinated by the opponent SID staff. Opponent locker areas are located outside the southeast tunnel area of Florida Field.

► Fax Service

Fax service is available in the press box to send information back to your agency at the conclusion of the game. There is a small fee for this service depending on the amount of information you want sent. Hal Duck is the fax service representative that will coordinate this service in the press box on game day. Please contact him on gameday to discuss your specific needs.

► Telephones

We strongly encourage you to make sure that your phone needs are met before gameday. Telephone orders for lines should be placed directly with Southern Bell (Cindy Fisher, 904-350-4656). Remember, you must place separate orders for your phone line and for the appropriate equipment or you must bring the appropriate equipment with you. The SID office will be able to help you with a phone line and/or equipment on the day of the game. You should take care of these matters as soon as possible. A bank of wall phones are available in the media on level three of the press box (print media and statistical operations). The SID office does have a few other phones that it uses for fax services and radio reports. Once again, if you

envision tight deadline problems we strongly encourage you to order your own line as the SID phones, fax phones and the wall phones available to the media are in almost constant use for two hours after the game.

FLORIDA-GEORGIA GAME — Telephones are extremely limited for this game at the Gator Bowl in Jacksonville. There is only one wall phone in the entire press box. Two phones are available for fax and radio reports. You are strongly encouraged to make sure that your individual phone needs are met before you arrive at the game. Please call Southern Bell (Cindy Fisher, 904-350-4656) as soon as possible to order your line. Remember, you must bring your own phone or order a phone. If you don't take care of your phone needs in advance, you will experience problems on gameday in getting your story sent.

► Coach Spurrier Interviews (Gameweek)

The best time to interview Coach Spurrier on the telephone is 11:00-11:30 on Monday, Wednesday and Thursday. He will normally return calls during these time frames. Please coordinate all requests for phone and personal interviews with Coach Spurrier with Norm Carlson in the SID office. This is important during the season with Coach Spurrier serving as head coach, offensive coordinator and QB coach, his time schedule must be coordinated. On every Sunday prior to a game the upcoming Saturday, Coach Spurrier will conduct a teleconference call at 2:00 p.m. ET with media representatives. Every Tuesday, Coach Spurrier will conduct a press conference at Florida Field. He will do radio and TV interviews from noon until 12:30 in the conference room in the south endzone complex of Florida Field and then conduct a joint press conference for all media representatives in the Von Hall Dining Room from 1:00-1:30. He will also take part in a SEC teleconference each Wednesday morning at a time to be announced. Coach Spurrier will also be available to the media each day after practice.

► Player Interviews (Gameweek)

ALL player interviews must be coordinated with the Sports Information Office. We strongly urge you to conduct your personal interviews on Monday after practice and Tuesday (lunchtime and/or after practice). Interviews will take place on the practice field at the conclusion of practice. If it can possibly be done, short interviews with television stations can be conducted prior to the start of practice. Monday and Tuesday evenings are also reserved for phone interviews with out-of-town media. Please call at least one day in advance for phone interviews. A note will then be left on the player's locker and dorm room asking him to return your call. All player interviews will conclude on Tuesday after practice. The Florida SID office will also conduct a teleconference with 2-3 players each Wednesday at a time to be announced. The Von Hall Community, team locker-rooms and training areas are considered private team areas. These areas are off limits to media representatives unless accompanied by SID office personnel.

No advance notice is needed. TV still and still photos are permitted on the practice field Monday and Tuesday from the start of specialty period until the end of the first work period after calisthenics. Photographers will be allowed to film from anywhere outside the perimeters of the two practice fields. At that time, all photographers must leave the practice field. There will be no exceptions.

► Gator Sportsline (Broadcast Quality)

The Florida SID office will tape coach and player interviews for use throughout the week. The general format of the Sportsline will be: Monday — Florida defensive coach's interview about the opponent offense; Tuesday — Coach Spurrier's comments

from his weekly press luncheon; Wednesday — Offensive coach's interview about the opponent defense; Thursday — Player interviews; Friday — Player interviews; Saturday — Coach Spurrier's post-game comments. The Sportsline number will be published in the weekly release material you will receive or by calling the SID office.

► Video Services

On a weekly basis, Florida will send satellite interviews of Coach Spurrier and several players to television stations that desire the service. Specifics (day, time, and appropriate satellite information), will be announced in August. If interested, please call Steve Babik at the UF Athletic Dept. (904-325-4603, ext. 6600). The SEC office will also be sending a satellite feed of player and coach interviews from all ten conference schools. Specifics will be announced later.

The University of Florida has a Ku-band satellite uplink truck that is used to feed coach and player interviews on a weekly basis for television stations that desire this service. Contact Network Coordinator Steve Babik in the Florida Athletic Department, (904) 325-4603, ext. 6600, regarding this service. Check your weekly sports information release for exact time of feed and the satellite coordinates.

The Ku-band satellite uplink truck is also available at standard commercial rates to assist the media in covering sports/news events at the University. For more information about these special services, contact Frank Abramo or Charlie Tuggle of Information Services at (904) 392-9092.

SPURRIER ERA BEGINS

Steve Spurrier's tightly regarded passing attack will give one of the nation's most demanding schedules in 1990.

Florida enters the decade of the 1990's with a great deal of "newness": a new head coach in Steve Spurrier, a new pro-style offense in which the passing game will be heavily featured, a new defense which will feature a base 4-3 look in comparison to Florida's 3-4-4 base look of the past several years, and a new natural grass playing surface at Florida Field for the first time since 1970.

Headlining the to-doess surrounding the Florida program as it enters the new decade is Spurrier, the most renowned player in Gator history. A Heisman Trophy winner at Florida in 1966, Spurrier is returning to his alma mater after developing a growing reputation over the last ten years as one of the nation's bright young coaches. Spurrier's reputation in that regard hit an all-time high last year as he led Duke to an 8-3 regular season record and the school's first ACC title and bowl appearance in over 25 years. The 45-year-old head coach plans to inject the Florida program with a good dose of enthusiasm in '80 if it based on a wide-open passing attack that has drawn rave reviews in recent years.

Spurrier and his staff will be facing a very challenging schedule in 1990, one that will rank among the most demanding in the nation. Florida's eleven 1989 opponents compiled a combined 78-44-1 record in 1989 (.638%). Alabama replaces Ole Miss and Tennessee replaces Vanderbilt as rotating SEC games on the Gator state. Alabama, Tennessee, Auburn and Florida State all finished the 1989 season ranked in the nation's Top Ten. Of that foursome, only the Auburn contest will be played in Gainesville. The strength of the UF schedule is verified by two facts. Florida and Notre Dame will be the only two schools in the nation to face four teams in 1990 that finished the 1989 season ranked in the final AP Top Ten poll. Florida, Penn State and Iowa are the only three schools in the country that will play three road games in 1990 vs. teams that finished the 1989 season in the AP Top Ten poll.

Stimulus defense, and coach Richardson is one of the nation's premier defensive players. He is expected to become a primary linebackers backup candidate during the course of the 1990 campaign.

► Defensive Tackle

After playing the past several seasons with three down linemen (a middle-guard and two tackles), Florida will continue to have four-man fronts, two linemen and two defensive ends.

Junior tackle Brad Culpepper (6-2, 250) headlines the defensive interior line. He started as middle-guard last year and clocked up 60 total tackles, tops among the down linemen, and was a prominent part of a defensive unit that ranked fourth in the nation in rushing defense, yielding an average of just 49½ yards per game. Culpepper is a two-time SEC Academic All-American.

Junior Mike Brandon (6-4, 265), who began his career as a defensive tackle but was switched to tight-end in 1989, was moved back to defensive tackle this spring and enters the fall as the starter at right tackle. Sophomore Philip Johnson (6-4, 267) tried a backup role for much of the 1989 season at middle-guard but was moved to tackle late in the season and started at that position against Florida State and Washington. Sophomore Dexter Smith (6-2, 263) and redshirt freshman William Gaines (6-4, 273) will join Culpepper. Brandon and Johnson as the defensive tackle contingent entering the fall. There are no seniors on the 1991 defensive tackle unit. This group will also gain sophomore Darren Mickell (6-4, 274), a non-qualifier in 1989, when practice resumes in August.

► Defensive End

This is a position on the squad that has the most impressive depth. The major coaching staff feels that six players are all capable of competing at the SEC level.

Seniors Huey Richardson and Mark Murray are the top players at the new defensive end position. Murray was a starter at weakside tackle and Richardson at strong-side outside-linebacker in Florida's 3-4 base line defense in 1989. They'll basically be playing much the same role in 1990 but with a new position title. Murray is 6-7, 231, started at one tackle position last fall. He had 47 total tackles last year and his 10 quick-take downs helped drive the defensive line into the end zone.

This (defensive end) is a position on the squad that has the most impressive depth. The Gator coaching staff feels that six players are all capable of competing at the SEC level.

Sophomore Mike Kerr (6-5, 222) was moved from outside linebacker this spring and is battling against Stephen Mack (6-4, 224) for the left backup role to Murray at this right defensive end position.

Senior Huey Richardson (6-5, 276), a two-year starter and two-time All-SEC choice in 1988, is expected to link with the nation's best pass rushers this fall from the defensive end post. Richardson, who is expected to receive serious consideration for the 1990, registered 22½ tackles for two yardage last

He's a fiery performer who has rattled opponents for the game. Paulk has seen a good deal of playing the the past two seasons, registering 56 tackles as a freshman in 1988 and 37 last season. Odum and Paulk expect to drill in the top of the depth chart at the two inside linebackers posts.

Senior fullback is the 222½ sophomore Carlos Miles (6-4, 245) and redshirt freshman Ed Robinson (6-4, 271) came out on the spring as the top candidates for push Odum and Paulk for starting roles as well as to provide the workhorse help. Florida enters the 1990 campaign with a punting game that is fairly solid shape but a punting game that is still very much a question mark.

After a solid start after the first game, the Gators punting game was a bit of a letdown. In a 45-14 win over the Blue play of the game, the Gators punting game was a bit of a letdown. In a 45-14 win over the Blue play of the game, the Gators punting game was a bit of a letdown.

COACH SPURRIER'S COMMENTS ON 1990

► Spring Practice

The enthusiastic competition and concentration enabled us to have a fine spring. There were many changes and a shuffle for not feeling like everything had to be in place. We got better in every area, but we obviously still have a long way to go. How hard our players work at getting better over the summer will determine a great deal about where we start in the fall and

► Offensive Team

WIDE RECEIVERS

This is a good group of players who all work hard. Ernie Mills is a fine player. He's smooth, catches the ball and has great speed. The Everett and Terence Barber are right there for the other catching job and they have both improved. Antonio Sullivan, Henry Houston and Jimmy Chrostoff did good things this spring and will jump and push the others.

TIGHT ENDS

Mark A. Skpetrock is as good a place moving tight end as I've ever coached. He's improved his blocking. Also, Gary Keller came a long way in the spring and Charlie Jean had good numbers. This can be a solid position for us.

"We made progress in the spring and we are about where I thought we'd be in terms of learning and understanding the offense. We will open the offense up this fall but still strive for balance. We need for the running game to be productive to supplement what we'll be doing throwing the ball. I wish we were totally settled at quarterback but that isn't the case at this point."

DEFENSIVE LINE

The line unit includes Clinton Nixby and Mark White, guards, instant return and Chris Brumley and center Cal Dumas. They are chance to become an outstanding offensive line. These players have size, experience and ability and we are confident they will continue to develop. Brumley and Nixby are off-line candidates. Our concern is over the complete lack of experienced depth. Jimmy Jenkins is the most experienced guy there and he has only played a total of five games in his career. Redford has shown some good things in the spring.

QUARTERBACKS

The job is not resolved. Spring practice is just one phase in getting ready for the season. The summer is the time when teams and players improve as we go into the game or go home from

the quarterback competition camp with the work during the summer and the scrimmages early next fall. Kyle Morris and Shonie Matthews will be facing No. 1 best Jason Fisk and Eric Smith and also be in the competition. Kyle was the winner based on his overall performance going into the spring when Shonie played well and the last week of spring practice had a good scrimmage going into the spring game and was to be the player of the game in the Orange Bowl game. Brian missed the final week of practice with an injury and he and we both did good things during the spring.

RUNNING BACKS

Our situation going into the fall is Willie McClelland, Ernie Rhett and Chuck Wadsworth. Wadsworth and Rhett's McClelland are better. Kelson Randolph or Terrell Jackson at fullback. We're encouraged this will be a good set of backs with enough versatility to handle everything they must handle in this offense. McClelland did some good things in the spring and is working hard in his blocking. McClelland and Rhett can both catch the ball and run with it. Wadsworth sees the field and could be an offensive back in our offense style with the drums and raps. We'll play some one-back sets or put McClelland or Rhett in the slot in case it up.

► Offensive Summation

"We made progress in the spring and we are about where I thought we'd be in terms of learning and understanding the offense. We will open the offense up this fall but still strive for balance. We need for the running game to be productive to supplement what we'll be doing throwing the ball. I wish we were totally settled at quarterback but that isn't the case at this point."

► Defensive Team

DEFENSIVE ENDS

The defensive ends are really outstanding. Huey Richardson, Mark McIntyre, Bill Gunter, Mike Kern, Marvin Thomas and Stephen Mack are all pretty good players. Richardson, of course, could be a dominating big play man for us. Any of these six players is a legitimate SEC caliber performer.

DEFENSIVE TACKLES

"Mike Brandon came over from offense and gave us a big lift at defensive tackle. He had a fine spring and is a starter along with Bruce Campbell, a solid, consistent veteran. We believe these two will help from Philip Johnson. William Gowers and Dexter Smith will get the job done for us."

LINEBACKERS

This is a combination strong safety outside linebacker and a tackle versatile inside linebacker. Geoffrey Meas will be a starter to be very good and he has become a team leader. Backing up

► Key Departures

RAY Douglas Smith, holder of 35 national patents, was a former member of the House of Representatives and a leading proponent of the Reagan Revolution. Smith, who finished second in the 1980 election for House Speaker, according to Smith, "has now been compromised by a deal with the media, and is now in a position to make a deal with the Democrats."

William's father, Smith, a former mayor, was a 19th-century collector in the international art world by Minneapolis. Smith was an early collector of American art, and his collection was sold to the University of Minnesota in 1900.

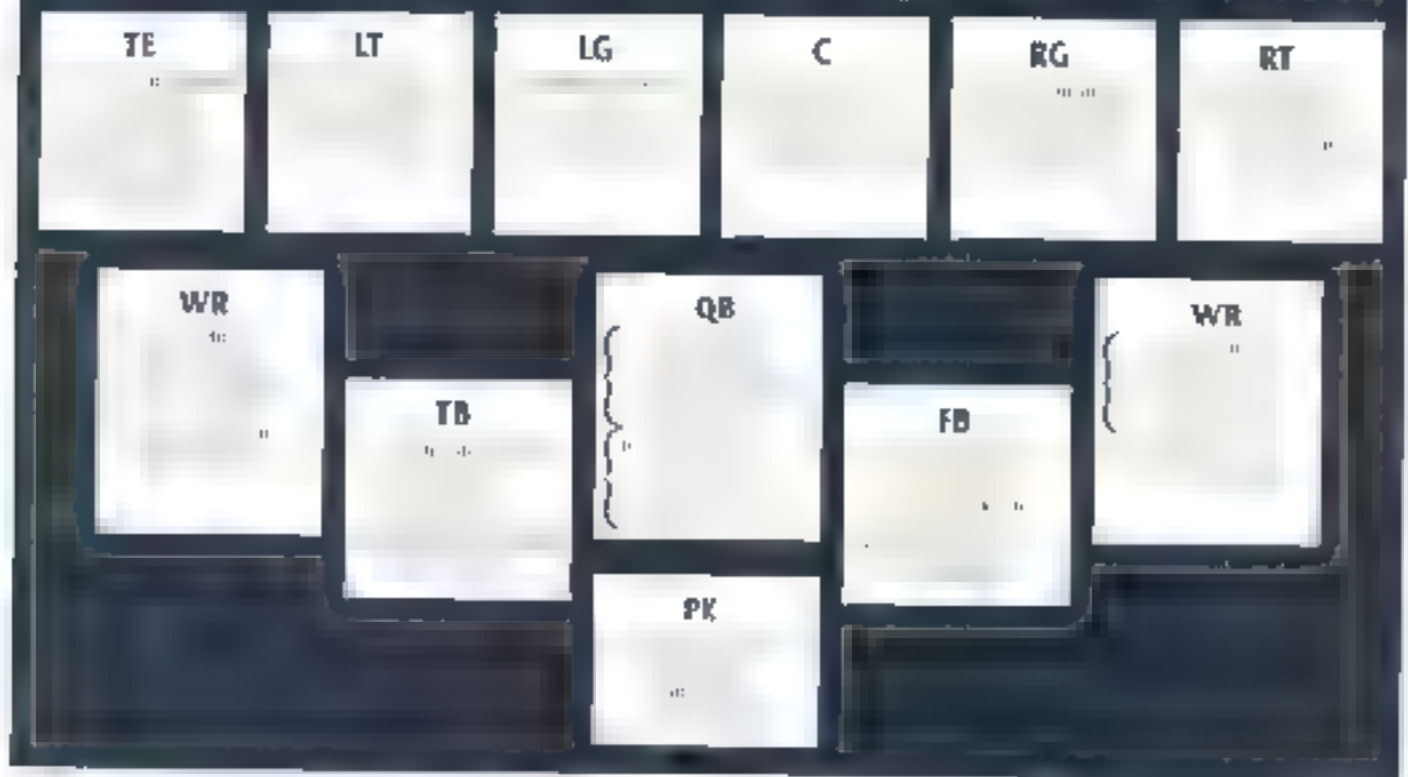

While Stocker Strong *Chen* was a fourth-round pick of the Indianapolis Colts, it was her father, a big-time basketball coach, who convinced her to leave the game and go to college. She went to the University of Kentucky, where she was a member of the basketball team.

John Decker, a first-term U.S. congressman for 1989, played a key role in opposing the bill. He said the House bill was "a

STEVE SPURRIER

HEAD FOOTBALL COACH

Spurrier's coaching career spans over 40 years, including stints at the professional and collegiate levels. He is currently the head coach of the University of South Carolina.

Spurrier returns to his alma mater with impressive coaching credentials at the professional and collegiate level. His coaching accomplishments prove solid indications that he is among the leading coaches in football going into the decade of the 1990s.

Spencer's 1961 Tampa Bay Bandits squad became the first team in pro history to produce a 1,000 yard passer and two 1,000 yard rushers in the same season.

Spencer's 1961 Tampa Bay Bandits squad became the first team in pro history to produce a 1,000 yard passer and two 1,000 yard rushers in the same season.

Spencer's wide-open offense attacked a rugged NFL defense. QB Terry Bradshaw leads a group in front offense in 1961. The balance of the offense made the 1961 team the first in pro history to produce a 1,000 yard passer and two 1,000 yard rushers in the same season.

The Spurrier Family (L-R): Steve, Jerri, Stevie, Amy, Lisa and Sam Jr.

SPURRIER'S BLUEPRINT FOR SUCCESS

► Our goal is to become the best football program in this state. To accomplish this we must graduate the highest percentage of seniors and our seniors must be college ready. We also will have different football camps each season which will be coached by our seniors. To accomplish these goals we must have a total commitment from everyone involved in our football program. This includes our coaches, our support staff, players, coaches and our tremendous Letter fans who we believe are the best

► This is a brief decision. "I've been thinking about tennis with the very best state in the country," he says. "The amazing facilities on par with the standard. These are advantages we can offer to our players. We also offer them support and guidance in their careers. Academically, athletically, and in their personal life. There are dedicated, professional people here who want these young men to be the best. You can be in all these areas."

What we expect and demand from our players is that they be solid on the field, be the best students possible, whether you can be the best football player or not. When all happens then the college experience will be a positive one.

► "It is our job as coaches to teach and develop player skills. What we expect from the players is effort and concentration. When that happens you see terms that play, hard all the time and keep mental errors to a minimum. This is what we are demanding of our

► "When he we want an assistant" touched each here at Flo rida. First he must be an able teacher, first-class orator who gets along well with everyone. Second he must be a coach who can teach sound, fundamental football. Third, he must treat the players as men, not as slaves. He must and make the game fun for everyone.

 3-4 defense, we want to hit them in
 front of them and if they're playing
 4-3 we want to throw it over their
 heads. Our offense is going to get the
 best possible play against that par

 what they are doing."

► "Scientifically, we want to develop a characteristic of being an aggressive physical team which surmounts to the football with the goal of putting more to our offense. Obviously, team speed is a high priority. We want to be fundamentally sound but within to take advantage of easier moves to disrupt opponents. I think the players who are involved in this aggressive scheme will take full pleasure in it."

► "I think the one common sense player on this offense is that everybody is involved in it. It's not designed to highlight one running back or one wide receiver. We spread it out to ... everyone, and we recognize the major value of the offensive linemen in helping it along."

People Agree— SPURRIER'S A WINNER AND AN INNOVATOR

► "Spurrier was a coach on the field when he played for me in the 1960s. He could make decisions under pressure, check off and run his plays into good plays, and when he walked into the huddle the other players were totally confident he would come up with the right move and execute it. He does that now as a coach with the same ability to make it happen."

everybody that on the sidelines in a close huddle his decisions and adjustments will win for you.

Bill Spurrier
Head Coach, 1960-64
University of Florida

► "Coach Spurrier's offense is imaginative and open, and you really can't doubt-team anyone or someone else will hurt you. As a receiver playing for Coach Spurrier, you could always have a smile on your face if you do the one thing he asks, which is catch the ball. In his system a receiver feels like he's a top gun."

Clayton Hines
All-American Receiver
Wake University

► "I really enjoyed playing for Coach Spurrier at Tampa Bay, Baridus. His offense is so exciting that anything could happen with his vast repertoire of plays. He definitely keeps the game alive."

Bill Spurrier
Head Coach, 1960-64
University of Florida

► "I have tremendous respect for Coach Spurrier's knowledge of the game and the application of his offense during a game. He's an upfield coach. By that, I mean he plays to attack whether he's ahead or behind, he's always looking to exploit what the defense is permitting. Playing in Coach Spurrier's offense prepared me for the

pro passing game. He uses the same type of route tree, the same numbering system and a lot of the same terminology as the typical pro passing game."

Bill Spurrier
Head Coach, 1960-64
University of Florida

► "Spurrier really knows the intricacies of the passing game. When you know it as well as he does, it takes a lot of the risk out of throwing the football."

Spurrier taught me more about the mechanics of playing quarterback, the understanding of coverages and the theory behind the passing game than any coach I had in the NFL."

► **Jim Goodman**

ASSISTANT ATHLETIC DIRECTOR - RECRUITING AND HIGH SCHOOL RELATIONS

Jim Goodman was named Assistant Athletic Director (Recruiting and High School Relations) in July 1980. He also was named head football coach Steve Spurrier's Administrative Assistant. He previously served as the Director of Football Operations and Recruiting Coordinator at the University of Arkansas in February 1979.

A 1974 Florida graduate, Goodman brings an extensive coaching and athletic administration background to Florida. In 1974-75, he served as an assistant football and head track coach at Ocala High School. In 1976, he served as an outside linebacker coach at the University of North Alabama and took on the responsibilities as recruiting coordinator at UNA in addition to coaching the tight ends and receivers in 1977-78. He also received his Master's Degree from UNA in 1977 in Education Administration.

In February 1979, Goodman was named the head football coach and athletic director at Marion, Ala. Military Institute Junior College, until becoming outside linebacker coach under current Arkansas head coach Ken Hatfield at the United States Air Force Academy in January 1981. He became the inaugural Football Coach at Valdosta State College in December 1981 and later became the Director of Athletics at the school in December 1984.

Goodman continued his association with Hatfield in January 1986 when he became the wide receivers coach at Arkansas. In 1987, in addition to his coaching duties, he was named Hatfield's off-campus recruiting coordinator and later, in 1988, promoted to recruiting coordinator while still coaching.

Goodman coordinated recruiting classes 1980 through 1981, and among the country's 25 best by the National High School Recruiting Service.

The 27-year-old native of Mount Vernon and his wife, Jennie, a 1975 UF grad, are the parents of three children - Jeff, 7; Nancy, 9; and Tyler, 5.

- Ballou HS

A redshirt sophomore who had an excellent spring and much to fall for in challenging Trevis Barber for the starting job at wide-receiver opposite Ernie Mills. Named the squad's most improved wide receiver this spring. Like many of the many receivers, he could have an excellent year with the new pro passing attack that has been installed. 1989 — **Season Stats:** Played nine games in five games. Saw first career action vs. Vanderbilt for a total of two plays. Did not catch a pass. Missed first two games due to a spinal misalignment. 1988: Was redshirted. Worked with scout team at wide receiver. Missed a few weeks of practice early in the season with a knee injury. **Prep:** Considered regarded as one of the top wide-receiver prep wide receivers in 1987. Named to prestigious Parade and Baldy All-American all-star lists. Ranked among the top 65 players overall and top eight wide-receivers in the country by National HS

FF's. Totaled 1,849 yards in receptions and returns for 1987 season. Averaged 26+ yards per kick return and 38.9 yards per punt return in 1987. Was named to Superprep Met All-state Team for 1987. Also received numerous All-Jewish, All-American and All-Metropolitan honors in 1987. As a junior in 1986 had 53 catches for 1,471 yards, 270 ypc, and totaled more than 2,400 yards in receptions and returns with 17 total TDs. Averaged an incredible 2.6 yards on eight kickoff returns and 70.2 per punt return. Returned four KICK for TDs, including two of 90 yards and two punts for TDs. Received All-Metro honors as a junior. Coach at Ballou HS was Frank Young. Also seriously considered Purdue, Clemson and Miami before deciding on Florida. **Personal:** Born Ezekiel Everett at on Dec. 10th 1969. **Family:** Ezekiel Everett Sr. and Alice Stone. more than 25 points in a game. Only a 31-29 loss at Vandy in 1952 and a 25-18 tie with Tulane in 1945 prevent Florida from being a perfect 43-0 since 1982 when it scores more than 25 points. Since the 31-29 loss at Vandy in 1952, Florida is 4-0 in this category, and 21-3-1 when scoring more than 25 points since the 1978-79 bowl season. *Byronne* 11/19/85

Florida is 40-14 during the regular season, while the rest of the 1982 season when a third of the opposition is 4-0 (the points against a 10-4 loss by Chicago in 1981, a 10-7 setback in Kentucky in 1981, a 3-10 loss to LA in 1987 and a 10-1 loss at Auburn this season, are the only four times in regular season play since the signing of the 1982 agreement that UT has suffered a loss, where it held the respective opponent at 4-0.

► Flordia's 45-53 during the regular season shows the seeds of the 1982 championship which it harvested under coach Tim Winters' guidance in total dominance. Prior to the season 10 Florida's had 23 consecutive wins in 1981 (4-0-2) in the championship game a 24-10 win over Georgia in 1981. US coach earned 436 yards in total offense that day. The Florida total 436 yards in the game, 100 in the air and 336 on the ground. 27 total yards in the air and 336 on the ground. The 1982 championship game in the Air Max

Vontae Anderson

Kumawongbucka Vontae Anderson (1986), Lawrence Hampton (1985), James Jones (1983), Eugene Smith (1980), Larry Smith (1969), and John L. Williams (1968) have been first-round selections in the NFL Draft. When Anderson and Williams were chosen in the opening round of the 1968 NFL Draft, it marked the first time since 1951 that two running backs from the same college were selected in the first round of the draft.

Figure 1 is a schematic representation of the experimental design. It is divided into two main sections: 'Stimulus' and 'Response'. The 'Stimulus' section shows a sequence of stimuli: a fixation cross, a target stimulus (a letter 'A'), and a distractor stimulus (a letter 'B'). The 'Response' section shows a sequence of responses: a fixation cross, a response (a letter 'A'), and a response (a letter 'B'). The stimuli and responses are presented in a sequence that corresponds to the experimental design.

HISTORICAL REVIEW

Florida has appeared on 10 bowl games, seen over 100 of its players earn All-American recognition, including 34 who earned first-team All-American honors, had a player receive the Heisman Trophy, and seen 21 of its players selected in the first-round of the NFL Draft.

The 1942-1943 season proved an excellent one for the club, with a record of 10 wins and 10 losses. The 1943-1944 season was also a success, with 11 wins and 9 losses. The 1944-1945 season was a disappointment, with only 7 wins and 13 losses. The 1945-1946 season was a success, with 12 wins and 8 losses. The 1946-1947 season was a success, with 13 wins and 7 losses. The 1947-1948 season was a success, with 14 wins and 6 losses. The 1948-1949 season was a success, with 15 wins and 5 losses. The 1949-1950 season was a success, with 16 wins and 4 losses. The 1950-1951 season was a success, with 17 wins and 3 losses. The 1951-1952 season was a success, with 18 wins and 2 losses. The 1952-1953 season was a success, with 19 wins and 1 loss. The 1953-1954 season was a success, with 20 wins and 0 losses.

It's a process that's been going on for a long time. The first time it happened was in 1964, when the first person to be born with a name that started with 'G' was born. Since then, the number of people with names starting with 'G' has increased steadily. In fact, it's now the most common letter for names.

But why is 'G' so popular? Well, there are a few reasons. One is that 'G' is a strong, confident letter. It's also a letter that's easy to pronounce. And finally, 'G' is a letter that's often used in names of people who are successful or famous.

So, if you're looking for a name that's strong, confident, and easy to pronounce, 'G' might be the letter for you. And if you're looking for a name that's often used in names of people who are successful or famous, 'G' might be the letter for you.

"The Birth of a Nickname"

By [Name] [Last Name] [City] [State] [Zip]

When I was a child, I was always called 'Gator'. It was a nickname that I loved. But I never knew where it came from. I was always curious about it. So I decided to find out. I asked my parents, my grandparents, and even my friends. But no one knew. It was a mystery to me.

Then one day, I was at a family reunion. I was talking to my great-grandfather. He was an old man, but he had a lot of stories to tell. He told me about his childhood. He told me about the people he knew. And he told me about the nickname 'Gator'.

He said that 'Gator' was a nickname that was given to him by his friends. It was a nickname that was given to him because he was so strong and so confident. He said that his friends thought he was a 'Gator' because he was so big and so powerful. He said that his friends thought he was a 'Gator' because he was so strong and so confident.

So, that's where the nickname 'Gator' came from. It was a nickname that was given to me by my friends. It was a nickname that was given to me because I was so strong and so confident. I was always called 'Gator'. It was a nickname that I loved. But I never knew where it came from. Now I know. It was a nickname that was given to me by my friends. It was a nickname that was given to me because I was so strong and so confident.

Figure 1. The effect of the concentration of the monomer on the polymerization of *l*-lysine. The reaction was carried out in 0.1 M sodium acetate buffer, pH 5.0, at 30°C. The concentration of the monomer was 0.1 M. The concentration of the initiator was 0.01 M. The concentration of the catalyst was 0.01 M. The concentration of the solvent was 0.1 M. The concentration of the monomer was 0.1 M. The concentration of the initiator was 0.01 M. The concentration of the catalyst was 0.01 M. The concentration of the solvent was 0.1 M.

STUDY SUMMARY: The study was a randomized, controlled trial comparing the effects of a 12-week, low-intensity, supervised exercise program (LIP) with a 12-week, low-intensity, supervised exercise program (LIP) on the clinical outcomes of patients with heart failure. The study was conducted in a tertiary care hospital. The primary outcome was the change in the New York Heart Association (NYHA) class. The secondary outcomes were the change in the 6-minute walk distance (6MWD), the change in the peak oxygen consumption (VO₂max), and the change in the quality of life (QoL). The study was conducted in a tertiary care hospital. The primary outcome was the change in the NYHA class. The secondary outcomes were the change in the 6MWD, the change in the VO₂max, and the change in the QoL.

Figure 1 displays 25 small plots arranged in a 5x5 grid, showing the effect of different combinations of the number of trials (n) and the number of subjects (m) on the power of the test. The rows represent $n = 10, 20, 30, 40, 50$ and the columns represent $m = 10, 20, 30, 40, 50$. Each plot shows the power of the test (y-axis, 0 to 1) against the effect size (x-axis, 0 to 1). The power generally increases with both n and m , and the effect size. The plots are arranged in a 5x5 grid, with the top-left plot ($n=10, m=10$) showing the lowest power and the bottom-right plot ($n=50, m=50$) showing the highest power.

BOWL GAMES

Florida's first bowl trip came shortly after the 1952 season as the Gators traveled to the Gator Bowl in Jacksonville to face Tulsa on

Nov. 15. The Gators won the game 21-14, marking the first time the team had won a bowl game.

But Miami made the first BKT attempt of the year. Game A, American Athletic Union (AAU) vs. the Gators, played on Dec. 13, 1952.

Quarterback Jimmy Harris and All-SEC end Dave Hudson led Florida back to the Sugar Bowl in 1956 where they lost to Mississippi, 7-3. Ray Graves, first Florida coach, returned to the Jacksonville team after the 1956 season and was named head coach. He led the team to a 10-1 record in 1957, finishing the season with a 10-1 record.

One of the biggest upsets in Gator Bowl history took place in 1962 when heavily favored Penn State was soundly beaten by the Gators, 17-7, led by quarterback Tim Anderson and a strong defense.

In 1964, Florida fell behind 30-0 against the Sugar Bowl (and national top 10) opponent, the Oklahoma Sooners. Quarterback Earl Frazier, who had been injured in the 1963 season, returned to the team and led the Gators to a 10-1 record.

Spurred by a strong defense, the Gators' winning streak was broken by the 1965 season when the team lost to the Sugar Bowl, 10-7. The Gators' record in the Sugar Bowl is 10-10.

The Gators' first bowl game in the Orange Bowl, the following year, in the Orange Bowl, beating Georgia Tech, 27-14, led to a national championship. Quarterback Bobby Dodd's final game as Tech's head coach was a 10-0 victory over the Gators.

The Gators' first bowl game in the Orange Bowl, the following year, in the Orange Bowl, beating Georgia Tech, 27-14, led to a national championship. Quarterback Bobby Dodd's final game as Tech's head coach was a 10-0 victory over the Gators.

In 1973, the Tangerine Bowl was played in Jacksonville due to construction at the Orlando Stadium when it was 27 degrees when the game started and Miami of Ohio lived every minute of it as it was in a 10-7 upset. Florida easily puffed a major upset over Miami, leading Nebraska 10-0 and scoring 17 points in the 26-yard run by Tony Green, only to have it ruled out-of-bounds. The Huskers came back in the Sugar Bowl in 1974. Florida's 1974 season was a 10-1 record. Quarterbacks Ralph Ortega and Glenn Carson, defensive end Preston Kenrick, the game's most outstanding defensive

player, and running back Glenn

Florida, along with other states, offers more academic programs on a single campus than any of the nation's other universities.

FLORIDA'S MOST PRESTIGIOUS INSTITUTION OF HIGHER EDUCATION

▼

In 1985, the University of Florida was admitted to the Association of American Universities (AAU), the most prestigious higher education organization in the nation. Composed of the top 50 public and private universities in North America, prominent in graduate and professional teaching and research, the AAU notes only the best in higher education in its membership. With its techniques, it joined its sister institutions of the South—Duke, North Carolina, Rice, Texas, and the Virginia and Vanderbilt—as the outstanding universities in the region. Of that group of southern educational elite only, Florida has appeared in a bowl game in each of the last three seasons. In fact, of the 50 schools nationwide in the prestigious AAU, Florida is one of just eight schools that have appeared in a bowl game in each of the last three years.

▲

The University of Florida ranks among the nation's top 25 universities in the number of bachelor's degree graduates who go on to earn advanced degrees.

The University of Florida ranks fifth in the nation among public universities in the number of entering freshmen and other campus activities in attendance.

BILL ARNSPARGER - DIRECTOR OF ATHLETICS

Bill Arnsperger
director of athletics

Arnsperger's constant drive and perseverance has paid dividends in the classroom and in the athletic arena for Gator student-athletes. Florida had 55 student-athletes nominated to the SEC Academic Honor Roll in 1989-90, the top single-year total in Gator athletic history. Florida's combined men's and women's program has consistently ranked among the nation's ten most successful throughout Arnsperger's four years. Florida's program has been the most successful combined program in the SEC in two of the past three years. . . Florida saw 10 of its 16 teams in the 1989-90 year finish among the top 10 in the country in national competition. Six of those ten squads finished the year among the nation's top three.

* This system being used 9-0-00, is in subject to change.

1990 GATOR RADIO & TELEVISION

The 1991 Gator Football Radio Network consists of over 60 stations throughout the state of Florida.

All 11 games plus any post-season games will be carried by the network with the pre-game show starting 90 minutes prior to kick-off.

Mick Hubert begins his second year as "Voice of the Gators." He came to Florida in 1980 after serving as sports director of WHIO-TV in Dayton, Ohio for ten years. While there, Mick served as the radio voice of the Dayton Flyers for both football and basketball. Mick has also worked as a play-by-play announcer for NCAA TV Productions for the NCAA basketball tournament and the Amsco Aloha State Bowl the last five years.

Hibert, a native of St. Anne, Ill. graduated from Illinois State University in 1876.

Former Game wide receiver and coach Lee McGoff will handle the color duties for a fourth season. McGoff, a Tampa native, played for the Games from 1972-74 and is currently an insurance agent in Gulfville.

Nerve Rabik, who coordinates the network, does color on the basketball network and play-by-play for baseball, will cover the sidelines and host the Nerve Spurrier post-game show. Rabik is a 1982 graduate of Penn State and a Struthers, Ohio native.

Available to all stations on the network will be "Game Hotline with Steve Spurrier." The call-in show hosted by Mack Hubers and featuring Steve Spurrier is on Thursdays from 6:30-7:30 p.m. EST.

Also available on the network is the "Gator Football Report," a daily four-minute program updating the progress of the 1990 football team.

All Game Football Radio Network programs will be distributed by Sonnet Satellite Services based in Ocala, WOCV-FM (90.1) in Jacksonville is the flagship station while the American Network, Group one of Nashville, TN is the rights holder.

► SportsChannel Florida and the GatorVision TV Network

SportsChannel Florida and the newly launched "ClearVision" TV network will reach 4.1 million homes in the state of Florida.

All 11 games will be televised on a tape-delayed basis throughout the state at 11:30 p.m. on Saturdays and in many of the nation's top markets by SportsChannel America which reaches 11 million households nationwide. A complete listing of cable systems and the "CableVision Network" will be announced in August.

"Florida Football with Steve Spurrier," a 30-minute show on Sundays featuring highlights of the previous day's game along with special features and clock at upcoming opponents, will debut in 1990.

The show is hosted by Steve Spurrier and Mick Hubert. An over-the-air network along with SpeedChannel Florida will carry the program. A complete station listing will be announced in August.

BEN HILL GRIFFIN STADIUM AT FLORIDA FIELD

Ben Hill Griffin Stadium at Florida Field has moved into the national spotlight in recent years as one of college football's best stadiums, from a player and fan standpoint.

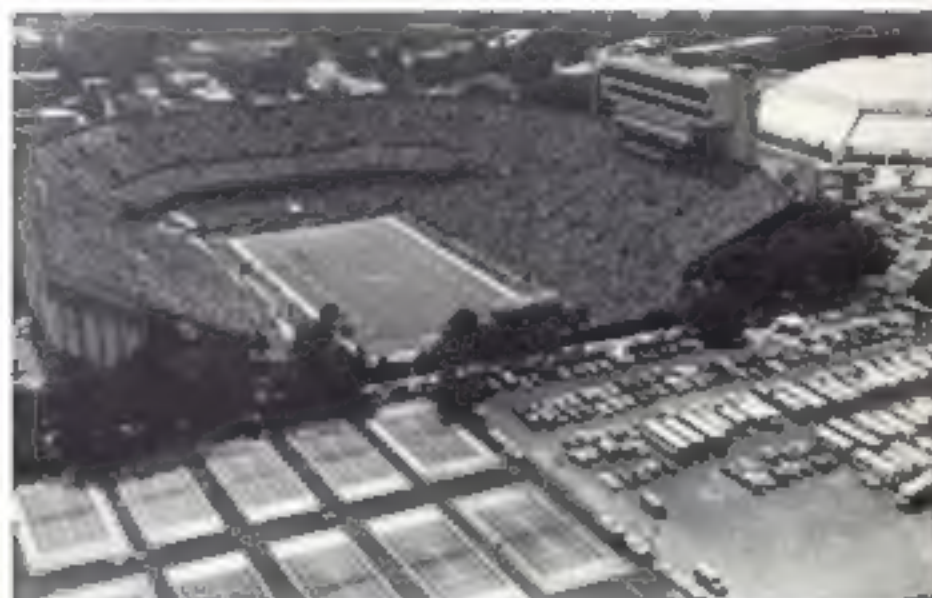

The 1999 season marks the 51st year that Florida Field is the home of the Gators. Prior to the 1989 season, Florida Field took on the expanded name of Ben Hill Griffin Stadium at Florida Field in honor of Ben Hill Griffin, Jr., a life-long Gator supporter and fan who had been extremely benevolent and generous to several sectors at the University of Florida prior to his passing last March. Florida Field was originally dedicated on Nov. 8, 1930 when Florida met Alabama. Over the years, Florida Field became a standing remembrance to all Floridians who have died in military service to our nation.

The completion of the south endzone project in August of 1982 raised the seating capacity of Florida Field to over 72,000 and gave the Gator football program one of the nation's top collegiate stadiums. Since that time, Florida has ranked in the top 15 nationally in attendance for eight consecutive years. A proposed 10,000 seat expansion of the north endzone will raise the capacity to 82,000. At that time, Ben Hill Griffin Stadium at Florida Field would become one of the eight largest on-campus stadiums in the nation.

The 16,000 seats with the 1982 expansion, concourses encircling the entire stadium, new restrooms, new concession stands and a beautiful athletic training center located beneath the stands in the south endzone, were all part of a master plan to develop athletic facilities at Florida that are second to none. The Ben Hill Griffin, Jr. Athletic Training Center, the luxury skyboxes and a spacious and highly-functional press box combined to make Florida Field the premier collegiate stadium in the state of Florida.

Also, new for the 1999 season is the all-natural grass playing surface which was installed during last summer shortly after the arrival of head football coach Steve Spurrier. The natural grass surface replaced an artificial surface which had been in place since 1971.

The original stadium, constructed in

1930, consisted of the lower half of the current stadium. Seating capacity was 21,700. The entire stadium was constructed below ground. In 1950, over 11,000 seats were added on the west side and another 7,000 were provided by bleachers on the east side. The additions brought seating capacity to 40,118. Additional bleacher seats were added during the 1950's, bringing capacity to 46,164 by 1960. In December

of 1983, construction started again on further additions that added over 10,000 permanent seats on the east side and temporary bleachers moved from the east side to the south endzone, providing a total capacity of 62,000 (56,164 permanent seats). The south endzone expansion in '82 enclosed the south end of the stadium, and brought the capacity to its current 72,000.

FLORIDA FIRST ROUND DRAFT FACTS

- The University of Florida has had at least one player selected in the first-round of the NFL Draft in each of the last eight years (1983-90), the only school in the nation to achieve that distinction.
- Florida has had 12 players selected in the first round of the NFL Draft over the last eight years (1983-90), a total that is unmatched by any other school in the nation over that time period. Florida also leads the nation with the most first-round selections in the last seven drafts (1984-90) with 11, the most picks over the course of the past six drafts (1985-90) with 10, and the most over the last two drafts with 4.
- Florida's current streak of eight consecutive years in which it has had at least one player selected in the opening round of the NFL Draft is the longest streak for any school in the nation since the merger of the NFL and AFL in the mid 1960's.
- Florida was the only school in the nation to have three players selected in the opening round of the 1989 NFL Draft.
